Career Objective

Aspiring Software Development Engineer with strong full-stack development skills and proven problem-solving abilities. Seeking an SDE Intern role to contribute to impactful product development in a high-performance environment. Eager to learn from challenging real-world projects, collaborate with elite engineering teams, and build scalable, efficient systems that solve real problems.

Education

KL University, Bachelor of Technology in Computer Science and Engineering *July 2023 – May 2027*
GPA: 8.78 (as of 4th Sem)

Narayana Junior College, Intermediate - MPC *July 2021 – March 2023*
Percentage: 8.5

Projects

Budget Planner — GitHub Link

- Developed a full-stack **Budget Planning** web application** using ReactJS, Spring Boot, and MySQL to help users efficiently manage and visualize their expenses.
- Implemented **secure user authentication**** and personalized dashboards for tracking income, spending, and savings goals.
- Designed a **responsive and modern UI**** using React and CSS, ensuring seamless experience across devices.
- Integrated RESTful APIs for CRUD operations on transactions, categories, and monthly budget summaries.
- Added **data visualization features**** using charts to display spending patterns and help users make informed financial decisions.

Expense Tracker — GitHub Link

- Built a full-stack **Expense Tracking** web application** using ReactJS, Spring Boot, and MySQL to help users record and manage their daily expenses.
- Implemented **user authentication and authorization**** features for secure login and personalized data management.
- Designed a clean and **responsive UI**** using React and CSS for intuitive navigation and real-time expense updates.
- Created RESTful APIs in Spring Boot for handling transactions, budgets, and category management.
- Integrated **data visualization charts**** to display monthly spending insights and budgeting summaries.

Technical Skills

Web Development: HTML, CSS, JavaScript, React, MERN Stack

Programming Languages: C, Java, Python, SQL

Frameworks/Libraries: ReactJS, Spring Boot, Express.js, Node.js

Databases: MySQL, PostgreSQL, MongoDB (Relational and NoSQL)

Tools/Platforms: Git, GitHub, Postman

Soft Skills: Communication, Adaptability, Problem-Solving, Leadership, Time Management
